

BIOLOGY**DEGREE PLAN SHEET****2012-2013****Total Hours Required****21**

This program is designed for students majoring in another discipline who desire a minor in BIOLOGY.

NAME _____			DATE _____
COURSE EARNED	COURSE CODE	COURSE TITLE	COURSE CREDIT
_____	BIO-111	Introductory Biology I Lecture and Laboratory	4
_____	BIO-112	Introductory Biology II Lecture and Laboratory	4
_____	BIO-312	Ecology or Biology field course (BIO 458 or Au Sable course)	4
_____	BIO-370	Methods in Biotechnology	1
	BIO	Electives in biology (300-level or above) must include two courses with respective labs	8
TOTAL MINOR HOURS			21

Choose from the following biology electives:

BIO-310	Microbiology Lecture and Laboratory
BIO-311	Genetics Lecture and Laboratory
BIO-312	Ecology Lecture and Laboratory (field course)
BIO-458	Marine Ecology Lecture and Laboratory (field course)
BIO-411	Molecular Cell Biology Lecture and Laboratory
BIO-421	General and Comparative Physiology Lecture and Laboratory
BIO-431	Developmental Biology Lecture and Laboratory
BIO-457	Principles of Immunology Lecture and Laboratory
