

Frequently Asked Questions

What is Tuition Management Systems?

Tuition Management Systems (TMS) was founded in 1985 to help families afford education. TMS has served nearly two million students at over 1,000 schools, colleges and universities. TMS enables students and families to pay their education expenses through convenient, interest-free, monthly payments.

Why does Oral Roberts University choose to partner with Tuition Management Systems?

By partnering with TMS, Oral Roberts University can concentrate on what it does best – educating students. TMS offers students and families more flexibility and options for paying tuition.

What is the Monthly Payment Plan?

The Monthly Payment Plan is an alternative to paying for an entire year in full. TMS enables students and families to break their costs into interest-free monthly payments. Students can enroll in the Monthly Payment Plan during enrollment and may choose a four-month (August to November *or* January to April), a ten-month (July to April) or a twelve-month (May to April) payment plan. The non-refundable enrollment fee for the four-month payment plan is \$56.00 while the ten and twelve-month payment plan enrollment fee is \$76.00, which saves the student \$36.00. To estimate your annual budget (which does not include books and/or materials), double the amount due for fall in order to get the estimated combined school-year budget and subtract any scholarships, loans, grants, etc. you may be receiving. Then, divide that amount by the number of months of the payment plan that you have chosen in order to get your monthly payment amount.

How do I enroll?

You may enroll on the TMS website at www.afford.com or you may speak directly with a TMS enrollment counselor at 1.800.722.4867 or you may also enroll at Oral Roberts University during registration/orientation prior to the beginning of each semester.
