

*ORU's department of  
History, Humanities and Government*

## **FORGES LEADERS INSPIRED BY TRUTH AND WISDOM PREPARED TO FACE KEY ISSUES BOTH DOMESTICALLY AND ABROAD.**

An array of career opportunities await students pursuing an interest in politics, international studies, culture, community development, leadership, law or environmental policy.

When faith is successfully integrated in spaces that are commonly devoid of spiritual guidance, they become powerful tools for change.

International Community Development

International Relations

Leadership Studies

Social Studies Education, Secondary Teacher

## PRE-PROFESSIONAL PROGRAM

Pre-Law Minor

For a list of potential career opportunities for these Degree Programs, go to [oru.edu/arts](http://oru.edu/arts)

ORU's unique connections give students the ability to network and land internships. Students also have opportunities to do summer mission work and study abroad.

You will learn hands-on skills that can transition into many different sectors whether public, private or non-profit.

"Through internships and travel opportunities, our students are able to pursue their calling and make contacts around the world. They often go with resumes and come back with jobs!"

— **Dr. W. Curtis Ellis**  
Department Chair,  
History, Humanities  
and Government

## A solid foundation based on demanding course work and dedicated faculty PREPARES STUDENTS TO BE POWERFUL ADVOCATES.

Be transformed in mind, body and spirit as our experienced, engaging professors fuse the Whole Person curriculum with a purpose to develop your calling through mentoring, career readiness and job placement assistance. The global challenges we face today require commitment and hard work, and ORU graduates understand how to meet them.

ORU students engage the world beyond the classroom:

- ▶ **We have presented a congressional debate for a US House District and have hosted Presidential candidates on campus.**
- ▶ Our student Oklahoma Intercollegiate Legislature (OIL) team has won Best Overall Delegation 10+ times.
- ▶ Our Model United Nations (MUN) delegation consistently captures individual and team awards at the national competition.

Our students also compete in Mock Trial at the regional level, intern in Washington D.C. and internationally and host events through student organizations such as the College Republicans, College Democrats, Global U and The Forum. In addition, students work together to solve real-world scenarios during the annual Global Crisis Simulation.
