

FACULTY SUPPORT TO ALUMNI TEACHERS 2013 GRADUATES

Despite the dismissal of the Residency Program for first year teachers, many faculty members remain in close contact with first year teachers to offer support, expertise, and ideas. The following is a list of faculty and classroom teachers who graduated from the ORU teacher education program 2013 with whom faculty continue to support. They conduct classroom observations and provide feedback; meet face-to-face and online to offer advice and support; provide pen pals for students and ORU teacher candidates, and model teaching in the classrooms.

Name	Faculty Mentor	Grade	School
