

Dear Dr. Hudecki,

Please find the finalized agenda for tomorrow attached along with a map of the ORU campus. You and your guess, along with Renee and Jennifer will park in **K-Lot** next to the **Building O – Learning Resources Center and Graduate Center**. I, along with my grad and undergraduate chairs will meet all of you inside the main entrance to the Learning Resources Centers (LRC) at the information desk at **10:00**. You will have reserved parking spots marked with an orange cone.

As you know, your schedule is jammed packed, so I wanted to give you just a little information about each of the events at which you are speaking:

Education Seminar - Please plan to speak 10 - 15 minutes about the rewards and challenges of becoming an educator in Oklahoma. These are our future teachers, some of whom have just graduated from high school, so the goal is to inspire them. LOL Please save a few minutes for questions from the audience. *We will actually leave the building to go to another building for this event. While it is within walking distance, I will drive you and our other guess to this location and back to save time.*

Showcase – As you can see by the topics covered, each showcase presenter has been selected for a specific purpose. You will spend about 5-7 minutes at each station as the presenters share information with you. You will also have an opportunity to ask additional questions.

Lunch – there will be approximately 80 people at lunch. This group will be different from the 11:00 group. You can share some of the same information, but also share your vision for the future of Oklahoma Education and teacher preparation.

Conversations with Administrators - Feel free to ask these individuals about how prepared our graduates are to teach reading, use assessments to inform decision making, etc.

Alumni who are currently teaching in local schools (Public & Private)- Feel free to ask these individuals about how prepared they were to teach reading, use assessments to inform decision making, etc.

Current Student Teachers - Feel free to ask these individuals about their teacher preparation program, about preparation to teach reading, use assessments to inform decision making, etc.

Faculty – Please share with us your findings, and what we can do to improve, and ask questions.

The media will show up sometime during the day! I have asked that they come during lunch when you are speaking, but I won't know for sure until tomorrow. I will let you know when you arrive.

My cell phone number is (918) 361-1204. I think I have covered everything, but please feel free to call me today if you have additional questions or concerns.

Looking forward to seeing you tomorrow! Safe travels.

Dr. Kim E. Boyd
