

**Aggregate Scores for Constructed Response Scores by Subject Area
August 1, 2011 – October 17, 2013**

While the Title II reports provide evidence that nearly 100% of program completers pass the Oklahoma Subject Area Test, it is important that we continue to strengthen our programs. Scores for the Constructed Response subarea in some subject areas show a small increase over time (i.e. art, biological science, ELL, and instrumental music), scores are consistently lower in the Constructed Response subareas than in any other subareas of the Oklahoma Subject Area Test (OSAT). The unit will need to look at embedding more writing strategies that are aligned with the Constructed Response subareas into its pedagogy courses.

August 1, 2011 – October 17, 2013 Oklahoma Subject Area Tests								
Assessment Instrument Name	Aggregate Score		Disaggregated by Years					
	2011-2013		2011-2012		2012-2013		Fall 2013	
	n	mean	n	mean	n	mean	n	mean
Constructed Response								
Art	2	2.5	1	2.0	1	3.0	0
