

JAY GARY, PHD

Tulsa, OK 74133

Phone: 757-287-5055 ▶ jay@jaygary.com

EDUCATOR, ADMINISTRATOR & ENTREPRENEUR

Senior executive with broad experience in anticipatory management, higher education leadership, and online program design. Committed to adding value through collaborative problem solving, outcomes based decision-making, and a customer service mindset that creates the open, democratic, 21st century high value learning society. Background includes degree program design and teaching mid-career professionals best practices of strategic foresight that position companies for value innovation. Skilled in systems assessment and quality alignment to ensure a high-level of interactive learning by teams. Proven skills in visionary leadership and program transformation.

AREAS OF SPECIALTY

Online Degree Development
Strategic Planning & Leadership
Public Speaking & Teaching
Quality-Improvement

Product Development
Budgeting & Forecasting
Program Assessment
Change Management

EDUCATION

- Regent University, (PhD), Organizational Leadership, December 2008
- California State University (M.A.), Education, Instructional Design, March 1983
- Georgia Institute of Technology, (B.S), Industrial Management, June 1976

CAREER HIGHLIGHTS

- Increased quality and productivity of new online degree for a university (6 programs a year) through course writer protocols, contracting services, and quality assurance processes with internal faculty and external companies.
- Designed and launched an annual \$2 million cross-campus effort to launch online graduate degrees in Engineering Management and Business Administration, to increase the Business School enrollment by 400 students over five years.
- Supported strategy and goal execution as one of 4 Program Directors in a School of Business & Leadership that turned a \$136,000 deficit in 2006 to a \$3.5 million profit in fiscal year 2012.
- Designed the first Masters of Arts in Strategic Foresight in the U.S. to serve mature mid-career professionals who want to move from middle to senior leader and effectively lead their companies and industries into the future.
- Called society to mark the Millennium as a season of commemoration and service, and organized both civic commissions at the local and national level to honor the past, celebrate the present, and anticipate the future.
- Launched the Perspective Study Program among audiences nationwide using extension education methods. This well-known global program among religious institutions now enrolls 8,000 adults a year in communities & colleges.

BENEFIT STATEMENT

Demonstrated 20+ year track record of entrepreneurial leadership, creating unique programs, networking with business, civic and national leadership to reach bottom-line performance, coupled with a unique ability to influence and empower innovative teams and inter-departmental cooperation that shapes and creates aspirational goals.

CORE COMPETENCIES

Conflict Management & Resolution
Building High Performance Teams
Employee Relations / Talent Management

Policy & Procedure Development
Innovation Management
Fostering Institutional Foresight
